SHHS PTO Meeting

Please join us on Monday, March 9, at 7:00 pm for the HS PTO meeting in the High School small auditorium, followed by a lively discussion about Social Media. Mike Griffith, SHHS Principal, and Jennifer Lehner, Social Media Expert and Marketing Strategist, will lead our talk about what we as parents need to know about Social Media and the High School.

A Note from the Principal regarding Students and Social Media

I am seriously concerned about the use of social media that has lead to a number of disciplinary actions at the high school this year. I am asking for your help. The District has

developed guidelines designed to minimize disruption due to the use of electronics. It is very important that you and your student are aware of these guidelines. Failure to adhere to the guidelines will result in disciplinary action for students, including possible expulsion, which has happened in several cases already this year. Please review the Student Parent Handbook, pages 22-23, regarding use of electronic devices. Below are several key points noted in the

General Information section:

- "Cell phones must be turned off and put away during school unless otherwise instructed by a staff member. Other electronic devices, such as radios, MP3 players, and electronic games, should not be brought to school."
- "If a student uses a cell phone or other electronic device during the school day without authorization, it may be confiscated and held in the office until claimed by a parent/guardian."
- "When using any device as a camera or recorder, students will:
    - Take photos and record sound or video only when it is part of a class or lesson.
    - Seek permission from individuals involved PRIOR to taking photos/videos or recording audio.
    - Seek written permission from individual PRIOR to publishing or sending photos, audio or video to anyone else or to any online space."

The focus of this Monday's PTO meeting will be social media use among teens. I encourage you to attend. The PTO will be distributing more information detailing this event.

I appreciate your continued support to keep our teens safe and healthy.

Thank you,
Michael Griffith
Principal
