All 5th grade students and 6th grade Chinese class students experienced the art of making traditional dumplings with the guidance of the Chinese teachers. Students enjoyed both making and eating the dumplings.

五年级的全部学生和六年节的中文班学生在老师们的指导下，进行了包饺子活动。

Each student had two dumpling wraps to fill. After choosing a filling they wrapped the dumplings into a beautiful shape. After collecting all of the student-made dumplings, teachers cooked them for the students to enjoy.

每个学生包了两个饺子。学生都纷纷尝试怎样才能包出好看的饺子。老师在课堂上为学生们现场煮饺子吃。

The dumpling fillings were prepared by Chinese teachers with the help of certain family recipes. The dumplings were delicious as students loved eating them. At the end of the activity, Chinese teachers shared their family recipes with students for them to try at home.

饺子馅是老师们亲手制作。煮出来的饺子鲜嫩多汁。课后，老师将他们的配方分享给了学生。
